WHO WE ARE

About KAKA CLO

KAKA CLO is a technology-driven apparel sourcing, manufacturing, and supply chain partner headquartered in Shenzhen, China. We serve fashion brands, retailers, wholesalers, department stores, importers, and e-commerce businesses across Europe, the United Kingdom, USA, Australia, and Canada — supporting customers from product development and sourcing through manufacturing, quality assurance, compliance management, and global logistics.

One coordinated network, from first sample to global delivery.

9,500+

Audited manufacturing partners across China & Asia

Headquarters

Shenzhen, China

Markets Served

Europe · United Kingdom · USA · Australia · Canada

End-to-End Services

Sourcing · Manufacturing · QA · Compliance · Logistics

Built for Europe's Regulatory Future

The European Green Deal and the EU Strategy for Sustainable and Circular Textiles are driving new requirements for durability, recycled content, chemical safety, and supply-chain transparency, with measures phasing in through 2030. KAKA CLO's sourcing and compliance capabilities are built to support customers navigating this shift.

Chemical Safety

REACH compliance support and Restricted Substance List (RSL) management across the supplier network.

Recycled Content

GRS and RCS-certified recycled materials, including recycled polyester, nylon, and cotton blends.

Traceability & Transparency

Supplier traceability practices that support emerging product transparency and Digital Product Passport readiness.

Durability & Circularity

Quality assurance focused on product longevity, aligned with circularity and extended producer responsibility goals.

Policy direction: European Commission, EU Strategy for Sustainable and Circular Textiles.

OUR APPROACH

Our Sustainability Commitment

Sustainability is integrated into our sourcing and manufacturing processes.

**Responsible supply chain
management**

Ethical manufacturing practices

Environmental impact reduction

Sustainable material sourcing

Product quality and longevity

**Continuous innovation and
improvement**

A Certified, Audited Supplier Network

Supplier Selection Criteria

- Social compliance standards
- Environmental management systems
- Product safety requirements
- Quality management capabilities
- Traceability and transparency practices
- Continuous improvement programs

Certifications Across Our Network

Certification availability varies by factory and product category.

Lower-Impact Material Solutions

Recycled Materials

- Recycled Polyester
- Recycled Nylon
- Recycled Cotton Blends

Preferred Fibers

- Organic Cotton
- Better Cotton
- TENCEL™ Lyocell
- LENZING™ ECOVERO™ Viscose

Functional & Performance

- Recycled Performance Fabrics
- Moisture Management Fabrics
- Sustainable Stretch Materials

Material certifications available upon request depending on supplier and product selection.

Quality, Safety & Chemical Compliance

Quality Assurance Process

- 1 Raw material inspection
- 2 Inline production inspections
- 3 Final random inspections
- 4 Packaging verification
- 5 Shipment quality audits

Chemical Compliance Support

- ✓ Restricted Substance List (RSL) management
- ✓ REACH compliance support
- ✓ Proposition 65 awareness
- ✓ Customer-specific compliance requirements

EU PRIORITY

Third-party testing can be arranged through internationally recognized laboratories when required.

Innovation & Digital Transformation

AI-Powered Trend Intelligence

Data-driven trend analysis supports product planning and reduces unnecessary development cycles.

Digital Product Development

Digital review processes reduce physical sampling requirements and improve development efficiency.

Optimized Manufacturing Allocation

Matching production requirements with suitable partners improves resource utilization and efficiency.

Supply Chain Visibility

Centralized sourcing and production management through a coordinated supplier network.

Ethical Business Practices

KAKA CLO is committed to conducting business with integrity and responsibility. Our expectations for suppliers include:

Compliance with applicable labor laws

Prohibition of forced labor

Prohibition of child labor

Non-discrimination practices

Safe and healthy working conditions

Responsible working hours and compensation

Packaging & Logistics

We encourage packaging and logistics solutions that help reduce environmental impact where commercially viable.

Recyclable packaging materials

FSC-certified paper products

Reduced packaging programs

Consolidated shipping solutions

Optimized transportation planning

Packaging specifications are developed according to customer requirements and market regulations.

CONTINUOUS IMPROVEMENT

A Continuing Commitment

Sustainability is an ongoing journey. KAKA CLO remains committed to expanding certified material offerings, increasing supplier transparency, and strengthening compliance management systems, working with customers, suppliers, and industry stakeholders to build a more responsible and resilient global apparel supply chain.

Expanding certified material offerings

Increasing supplier transparency

Strengthening compliance management systems

Let's Build Your Supply Chain, Responsibly.
